I want our River cleansed of hazardous waste sufficient to eat the fish. Corporate polluters made their profits on the backs of our beloved natural resources without cost. Now they must pay to remove their pollutants. DO NOT LEAVE ^{THEIR} CONTAMINANTS IN OUR RIVER!

None of your proposals so far are good²³
enough. Please propose a cleanup
solution that cleans up the river enough
for the fish to be safe to eat. That
will protect the humans & other mammals
animals that eat the fish.
